

The City of Crestwood invites you to join us in our effort to revitalize the local business community. With your approval, we would like to include your business (at no cost to you) in a list of local businesses on the City website. The City is also offering you the chance to participate in the Discover Crestwood campaign by way of a discount program: you may offer a discount of your choosing to area shoppers. Businesses may participate in either or both options. The City of Crestwood is proposing this free program in support of our important local businesses.

Would you be interested in the City of Crestwood listing your business on the City website? All businesses choosing this option will be listed alphabetically by name and/or function in the local business section of the City's website at no cost.

No

Yes (if yes, please fill out information below)
